No. 3991-D1/50 dated the 3rd April, 1952

Sub:- Industries - Sericulture - Government Silk Filatures, Kollegal - Sentries Recruits Training at the Central Research School, Coimbatore.
Ref:- G.O. No. Ms. 2350 Development dated 10-6-50.

In the G.O. cited, Government were pleased to sanction the training of the 7 sentries attached to the Government Silk Filatures, Kollegal in the use of arms for a period of 8 weeks in two batches at the Police Recruits School, Coimbatore at a cost not exceeding Rs. 256-8-0 towards pay etc., of the drill instructors and cost of ammunition. Subsequently as a measure of retrenchment the strength of sentries at the Government Silk Filatures was reduced to 7 from 16 and accordingly, these seven sentries were sent to the Central Recruits School, Coimbatore in two batches of 4 and 3 respectively for training. As the duration of the training could not be limited to 8 weeks due to non availability of suitable cartridges in time, the sentries had to stay at Coimbatore to complete the training for a period of 62 days in the case of the Ist batch and 57 days in the case of the ~~Ist batch and~~ IInd Batch. Consequently an expenditure ~~xxxxxxx~~ of Rs. 366-2-0 has to be incurred towards pay etc., of the drill instructor and cost of ammunition - vide statement of cost (Received from the Inspector General of Police) attached.

2 Further, as the deputation of the sentries was for a period of 62 days in the case of the Ist batch and 57 days in the case of the IInd batch the sentries have to be paid Travelling allowance and ~~Dailyss~~ allowance as per rules 106(a) of the Madras Travelling allowance rules. I have furnished in the annexure the details of the expenditure involved on account of Travelling allowance and ~~Dailyss~~ allowance to the sentries, which works out to Rs. 368-0-0.

I therefore request that Government may be pleased to sanction an expenditure of Rs. 366-2-0 towards the cost of the training, to be paid to the Police Department and a sum of Rs. 368-0-0 towards Travelling allowance and ~~Dailyss~~ allowance payable to the sentries, in modification of the orders issued in the G.O. cited above.

Subject:- Industries – Sericulture – Govt. Silk Filatures, Kollegal – Sentries – Training at the Central Recruits School, Coimbatore

Ref:- From the D. I & C., No. 3991. D.1/50 d 3.4.

The attention of the D. I & C. is invited to copy of letter No. 5H 3/S.R/50 d 27. 4. 50 from the S. S. of Police forwarded with his letter No. 3919 D.1./46 d 9. 5-50. The programme of training drawn up was only for a period of 4 weeks for each batch, while the training for all the Sentries lasted from 5. 11. 50 to 9-2-51 (97 days). The D. I & C has stated that the training for the first batch of 4 Sentries was for a period of 62 days and that of the Second batch of 3 sentries was for 57 days (= 119 days). It is presumed that the second batch of 3 Sentries was sent for training before the completion of the training of the first batch. The D.I & C is requested to state whether the presumption is correct and, if so, whether any substitutes were appointed to attend to the Sentry work during the interval.

The D. I & C. is informed that the non-availability of Cartridges should have been foreseen when the second batch was sent for training and the period reduced to the minimum required. A report should be sent before 1. 5. 52.

No. 3991-D1/50 dated 3rd October 1952.

Sir,

Sub:- Industries - Sericulture - Govt. Silk Filature, Kollegal - Sentries - training at the Police Recruits School - Coimbatore - p5 above

Ref:- Government Memo. No. 39051-G/51-1 Development dt. 14-4-52.

In their Memorandum cited above Government have observed that the programme of training drawn up by the Inspector General of Police was only for a period of 4 weeks for each batch, while the training of all the sentries of Government Silk Filature, Kollegal lasted from 5-11-50 to 9-2-51 (97 days) and that the non-availability of cartridges should have been foreseen when the second batch was sent for training and the period reduced to the minimum required. Government have also enquired whether the second batch of 3 Sentries was sent for training before the completion of the training of the first batch and if so, to state whether any substitutes were appointed to attend to the sentry work during the interval.

2. In this connection, I submit that based on the training programme drawn by the Inspector General of Police for a period of 4 weeks for each batch of 8 sentries, Government in G.O. No. Ms. 2350 dated 10.6.50 were pleased to sanction the training of 16 sentries for a period of 8 weeks in two batches of 8 sentries each, at a cost not exceeding Rs. 256--8--0. Unfortunately the Sericultural Expert, Kollegal and the Principal, Police Recruit's School, Coimbatore interpretted the provisions of G.O. No. 2350 Development dated 10.6.50, to mean that the sentries were to be trained in two batches for 8 weeks each and accordingly made arrangements for training each batch for 56 days. Subsequent to obtaining Government sanction for training, the sentries, retrenchment was effected in the strength of the sentries, as a result of which only 7 sentries were available for training and they were deputed to the Police Recruits School, Coimbatore in two batches of 4 and 3 sentries eac The first batch of sentries reported for training at Coimbatore on - - 15-10-50, commenced training from 16-10-50 and completed the same on 15-12-50, the period of stay at Coimbatore being 62 days. The second batch reported for training, on 15-12-50 and they underwent trainingfrom 16-12-50 to 9-2-51, the total period of stay being 57 days. With respect to both these batches the Sericultural Expert has taken the sanctioned period of training as 56 days for each batch and has reported that the first batch exceeded the period by 6 (six) days due to the non-availability of Cartridges. With respect to the second batch it is reported that the Sentries had to overstay by one day as the instructor employed for giving training was engaged in training the first batch of Sentries on 15-12-50. The Sericultural Expert has further reported that during the period from 12-12-50 to 18-12-50 when both the batches of Sentries were away from Kollegal the Services of Miscellaneous labour wer utilised for sentry duty without incurring any extra expenditure. In this connection I may also point out that even though the training of all the sentries lasted from 16-10-50 to 9-2-51, the Inspector General has claimed the training charges only for the period 5-11-50 to 9-2-51, when an additional Head Constable was appointed for the purpose, while during the period 16-10-50 to 4-11-50 the sentries were trained by the then existing teaching staff without incurring any additional cost. A copy of the letter from the Inspector General of Police Rc.No.883-7/SR/5(dated 21-7-52 is enclosed.

3. In the circumstances explained above, I request that Government may be pleased to approve the action of the Sericultural Expert in having deputed the sentries of the Govt. Silk Filature of Kollegal

for training in two batches for a total period of 119 days and also sanction the expenditure of Rs. 734-2-0 referred to in this office letter No. 3991-D1/50 dated 3-4-52.

It is reported by the Principal Police Recruit's School, Coimbatore that the sentries of the Silk Filatures, Kollegal were taken for training on 15-10-50 A.N. and that they completed their period of training on 9.2.51 A.N.

2. Regarding the cost of the staff deputed for training the Sentries, it is submitted that the additional Head Constable was employed from 4.11.50 p.m. to 10,2.51 a.m. only and the actual cost of the additional staff employed alone was claimed. From 16.10.50 to 4.11.50 the sentries were trained by the then existing teaching staff and no additional staff was employed nor has any additional cost been incurred by this Department.

pp 11-12 above

I submit below seriatim reply with respect to the several points raised in the Government Memo cited above:-

p 3 above

(1) Apart from the revised statement of cost received from the Inspector-General of Police on 27-2-52 after training has been completed, and enclosed with this office letter No. 3991/D1/50 dated 2-4-1952 no revised programme was received in connection with the training of the sentries.

p 1 above

(2) As the provisions of the G.O. sanctioning the training were taken to mean, both by the Sericultural Expert and the Principal, Police Recruits School, Coimbatore, that each batch had to be trained for 8 weeks neither of them had obtained prior approved of any higher authorities for training the sentries for a period of 8 weeks.

p 11 cf y (W)

(3) The original programme for four week's training drawn up by the District Superintendent of Police, Coimbatore and forwarded to this office by the Inspector-General of Police envisaged that the programme might be extended if the men did not pass the test which would be held on the 4th week. It is not known definitely whether the Principal, Police Recruit's School, who gave training to the sentries beyond 4 weeks without the prior approval of the District Superintendent of Police, Coimbatore or the Inspector General of Police was aware of the original programme or not.

pp 9-10 cf y (W)
Sup 9 cf y (W)

With reference to para 2 of the Government Memo cited, I submit that no revised programme of training of sentries for 8 weeks was received in this office. It is not known whether any such revised programme was drawn up by the Principal and submitted to the Inspector General of Police for approval.

Memo No. 39051 G/52- 9, dated 13-11-1952.

Sub:- Industries - Sericulture - Govt. Silk Filatures, Kollegal-Training of sentries at the Central Recruits School, Coimbatore.

Ref:- From the D.I.& C. No.3991 D1/50, dt. 4-11-1952.

The statement of the D.I.& C. in his letter No. 3991 D1/50, dated 3-10-52 that "unfortunately the Sericultural Expert, Kollegal and the Principal, Police Recruits School, Coimbatore interpreted the provisions of G.O.No.2350 dEv. dt. 10-6-1950 to mean that the sentries were to be trained in two batches for 8 weeks each and accordingly made arrangements for training each batch for 56 days" and his answer to point (3) furnished with his letter cited do not agree, ~~and does not furnish a straight answer to the third point raised by the Govt. in their memo No.39051 G/52-7, dt. 13-10-52~~. It is seen from his letter cited that no revised programme of training of the sentries was received by him.

2. The D.I.& C. and the I.G. of Police are now requested to furnish information on the following points.

(i) whether the Sericultural Expert, Kollegal and the Principal, Police Recruits School, Coimbatore were not aware of the original programme of training of the sentries for 4 weeks drawn up by the I.G. of Police - Vide I.G's letter No.543/SR/50, dt. 27-4-50 and D.I.& C's letter No. 3919 D1/46 dt. 9-5-50.

If they were not aware of it originally why were they not informed about it while implementing the orders of the Govt. in G.O.No.2350 Devt. dt. 10-6-50?

(ii) If the Sericultural Expert, Kollegal and the Principal, Police Recruits School Coimbatore, were aware of the original programme why did they not get the Govt. order clarified?

(iii) How did the Sericultural Expert, Kollegal depute the sentries for training for 56 days without obtaining programme and why did the Principal, Police Recruits School fail to draw up a programme and communicate it either to the I.G. of Police or Sericultural Expert or the D.I.& C.

3. It is clear from the Director's letters that the suntries were straightaway deputed for training for 56 days and that it was not a case of ~~exclusion~~ extension of training. The I.G. of Police is requested to obtain and furnish information along with remarks as to what training was imparted to them during all the 56 days and whether the training for sentry work viz. use and ~~maintenance~~ maintenance of guns really required training beyond a period of 4 weeks as originally proposed by him in his letter to the D.I.& C. dated 27-~~11~~-1950.

A reply should reach the Govt. not later than 10-12-52.

DEVELOPMENT DEPARTMENT

Rc. No. 1323/SR/52....., dated 9th Decr. 1952.

Sir,

SUB: Industries - Sericulture - Government Silk Filatures, Kollegal - Training of sentries at the Police Recruits' School, Coimbatore.

Ref: Government Memorandum No.39051 G/52-9, Development Department, dated 13-11-52.

The information called for in paragraph 2 of the reference cited is furnished below:--

(i) The Sericultural Expert, Kollegal and the Principal, Police Recruits' School, Coimbatore were aware of the original programme of training of the sentries for 4 weeks drawn up by me as copies of my letter Rc.543/SR/50 dated 27-4-50 and Director of Industries and Commerce's letter No.3919 D1/46 dated 9-5-50 were communicated to them.

(ii) The deputation of sentries for training for 8 weeks was brought to my notice by the District Superintendent of Police, Coimbatore, which in turn was reported to the Director of Industries and Commerce for clarification - vide copy of my letter Rc. No.883/SR/50 dated 1-2-51 to him enclosed.

(iii) The programme originally drawn up was only an indication in regard to the mode of training to be imparted. In view of the specific directions from the Sericultural Expert, Kollegal, in his proceedings No.1129-A2/50, dated 11-10-50, to train the sentries in 8 weeks, no further programme was drawn up.

2. Though the training was fixed tentatively for only 4 weeks in the first instance, it was later found that this period would be insufficient to give adequate training to the sentries, as they were found, on coming to the School, to be illiterates without any kind of previous training. Foot drill, arms drill, musketry, Sentry duties, maintenance of arms and actual use of arms on the range had to be taught to ensure that these men were able to carry out the duties of a sentry with a fair degree of efficiency. The period of 8 weeks was therefore essential to cover the above training.

3. I also desire to submit in this connection that though my original programme of training was only for 4 weeks, paragraph 2 of the letter No.3919-D1/46 dated 9-5-50 from the Director of Industries and Commerce, Madras, addressed to the Government with a copy to me, suggested the intention of training the sentries for 8 weeks in each batch. In the absence of clear indication to the contrary in the orders issued in G.O.No.2350, Development, dated 10-6-50, it was presumed that the sentries were intended to be given intensive training for a period of 8 weeks in view of its nature. However, to ensure this presumption, the matter was taken up with the Director of Industries for clarification, which has resulted in the present reference to the Government by him.

The particulars called for in para 2 of the Government memorandum cited above are furnished below in seriatim.

1) The Sericultural Expert was aware of the original programme of training of the sentries for 4 weeks drawn up by the Inspector General of Police. A copy of the programme was received in his office on 15-5-50.

2) As already reported the Sericultural Expert interpreted the provisions of the G.O.No.2350 Development dated 10-6-50 to mean that the sentries were to be trained in two batches for 8 weeks each. This led him to believe that the training would normally take 8 weeks and hence the need to get the Government order clarified was not considered.

3) ~~xxxxxx~~ For the same reasons explained in (2) above, the Sericultural Expert deputed the Sentries for training for 56 days without obtaining a revised programme.

From the D.I.& C.No.3991 D1/50, dt. 2-1-53.

As a security measure, sentries are posted at the Govt. Silk Filatures, Kollegal. There are at present seven sentries who attend to the work in turn. Guns ~~were~~ ~~been~~ provided for the sentries and they had to be given training in foot drill; arms drill, musketry, sentry duties, maintenance of arms and the actual use of arms on the range. A programme for training in all these for a period of four weeks was drawn up by the I.G. of Police. The D.I.& C. s communicated a copy of the programme and requested for orders of the Govt. for training the sentries for a period of 8 weeks in two batches at the Central Recruits' School Coimbatore. Accordingly, the Govt., in G.O.No.Ms.2350 ~~Govt~~ dated 10-6-50 accorded sanction to the training of the sentries for a period of eight weeks in two batches at the Central Recruits' School, Coimbatore at a cost not exceeding Rs. 256-8-0 ~~xxxxxxxxxxxxx~~ Rs. 142 (Rs.71 p.m.) towards pay, dearness allowance etc. of the Drill Inspector, and Rs. 114-8-0 towards cost of ammunition.

2. Attention is invited to the correspondence in the c.f. The sentries were given training in two batches of 4 and 3, ~~in each batch~~ each. The D.I.& C. has reported that "unfortunately the Sericultural Expert; Kollegal and the Principal, Central Recruits' School, Coimbatore interpreted the provisions of G.O.No.Ms.2350 Devt. dt. 10-6-50 to mean that the sentries were to be trained in two batches for 8 weeks each and ~~s~~ accordingly made arrangements for training each batch for 56 days." Due to non-availability of suitable cartridges in time the sentries had to stay on at Coimbatore to complete the training for a period of 62 days in the case of the 1st batch (from 15-10-50 to 15- 12-50) and 57 days in the case of the 2nd batch (from 15-12-50 to 9-2-51). During

the period 12-12-50 to 18-12-50 when all the sentries were away, sentry work was done by the miscellaneous labourers and no extra expenditure was incurred. Though the training lasted from 16-10-50 to 9-2-51. training charges have been claimed by the I.G. only from 5-11-50 to 9-2-51 when an additional Head constable was appointed for the purpose. From 16-10-50 to 4-11-50 the sentries were trained by the then existing ~~ex~~ teaching staff. The total expenditure towards training, and cost of ammunition has come to Rs. 366-2-0 - vide p. 3 c.f. Besides, travelling allowance and daily allowance had to be paid to the sentries which has come to Rs. 368/-. The D.I.& C. has now asked for sanction of Rs. 734-2-0.

3. The orders in G.O.No.Ms.2350 Devt. dt. 10-6-50 were based and drafted on the lines of para 2 of the D.I.&'C's letter on p. 7 c.f.. (W). It is submitted that the words used in the G.O. are capable of the inter-pretation which the Sericultural Expert and the Principal Central Recruits School, Coimbatore have given to them. However when it is seen that, the D.I.& C., the Sericultural Expert and the Principal of the Central Recruits'- school were all aware of the original programme of training for only four weeks one of them at least could have raised the question and got the Govt. orders clarified. Moreover the D.I.& C. states that his intention while submitting proposals for training was only to give them training for a total period of 8 weeks but ~~due to~~ faulty drafting resulted in the mistake being carried over in the G.O. too. The Dt. Superintendent of Police, Coimbatore raised the point and the I.G. addressed the D.I.& C. to get the order clarified only towards the close of the training period. However in view of para 2 of the I.G's letter on p. 17 c.f. it may now be concluded that the original programme was only a tentative one and that training for 8 weeks was essential to ensure that the men will be able to carry out the duties of a sentry with a fair degree of efficiency.

4. If the training had been only for a period of 4 weeks each the expenditure would have been limited to Rs. 568-0-0 as shown in the statement put up at (N). The excess expenditure thus comes to only Rs. 168-2-0. In view of this and in view of para 2 on p. 17 c.f. the expenditure may be sanctioned. For orders.

5. The D.I.& C. may however be informed that his intention to give training only for a total period of 8 weeks should have been made clear in para 2 of his letter on p. 7 c.f. of (N) and that he should have got clarified the orders of the Govt.

Subject to orders a draft order is submitted below for consideration. The file may be sent to Home and Finance Departments for remarks if any and for acceptance of the draft order.
